

pcAmerica OnCloud

- Real-time, secure sales data on-the-go
- Easy-to-understand metrics and analytics
- Customizable dashboard

Gain Freedom to Drive Your Business from Anywhere

Heartland understands you can't be at work 24/7, but business doesn't stop when you're away. Get instant flexibility with pcAmerica's OnCloud Portal and keep a better pulse on your business no matter where you are.

Real-time, Secure Access

- Graphical dashboard interface lets you view easy-to-read, relevant business data
- View key store metrics anywhere, anytime, from any device
- Adjust your dashboard to view and compare sales from previous days, weeks, months and years
- Hosted on secure, redundant cloud servers
- Comes bundled with your pcAmerica monthly support plan

Easy-to-understand, Relevant Data

- Find total sales, profits and key performance statistics
- Identify peak times and slow times with hourly sales breakdowns
- View sales breakdowns by department
- Analyze performance by comparing year-over-year sales trends
- Access historical sales metrics
